

**Friends,**

As we enter this fourth quarter of ministry in 2020, we invite you to partner with us in prayer over these six requests this month: (1) completion of the JFYM Online training experience, (2) our upcoming Texas Celebration, (3) the health of our Kenyan country leader, Christopher Ochieng, (5) upcoming training opportunities (Forums), and (6) the continuing impact of Covid in countries (Kenya, Cuba, etc...) where our leaders live and are working to care for the needs of those around them.

**JFYM Online Development**

- Completing subtitling of videos in all 4 languages.
- Preparing for the beta testing that will begin later this fall.
- Funding that will see the project through to initial completion and beyond.
- Marketing strategy that works best for Reach Out.

## Texas Celebration

Please pray for our celebration on October 17th with Barry St. Clair, Josh McDowell, and Reach Out Leaders from around the world! You can still RSVP to come either in person or on Zoom.

[INFO@REACH-OUT.ORG](mailto:INFO@REACH-OUT.ORG)  
OR CALL 214.897.2118

## Reach Out Country Leader

Please pray for Rev. Christopher Ochieng, one of our Kenya Country Leaders, as he is recovering from surgery.

## Upcoming Forums

Around the world, many of our eagle leaders are beginning to host forums again! For example, we will conduct 16 forums in East African countries during the months of Oct - Dec. Pray for our leaders as they prepare for those forums, for the participants who attend, and for the churches, schools, and students that will be impacted by adults trained and equipped to evangelize and disciple the younger generation.

## The Impact of Covid

A quote from Charles Juma-

" ... the economic damage caused by the pandemic remains catastrophic and irreversible in the short term... poor and vulnerable folks will continue to bear the full brunt of these ripple effects... many will continue to face death by starvation on a daily basis but now without the attention of the world. The media seems to have moved on to newer developments in our world – now focusing more on issues such as the current political dramas in Kenya, Tanzania, and the U.S. ...

But as we have done throughout this pandemic, we continue to offer relief food for poor pastors, widows, and orphans as much as the Lord will enable us. We will continue to highlight the plight of these vulnerable groups and save some. We are not the answer. The Lord is the answer! We are simply His little lights in a very dark world. We are His feet, His hands, His heart, and His lips. We point people to the cross in all that we do. Our kindness to others flows from the Lord's kindness to us."

---

*Do not be anxious about anything, but in every situation, by prayer and petition, with thanksgiving, present your requests to God.*

**Philippians 4:6**

Jesus is Lord,

*Landy & Danny*
