

# Praise + Prayer

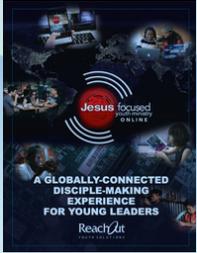

---

1. Pray for those receiving an invitation to give to Reach Out through the “North Texas Giving Day” emphasis this month. We are praying that new people will not only discover Reach Out, but will also choose to financially and prayerfully support us.

2. We are thankful for the unified team of youth leaders that has developed in Kaliningrad and for their enthusiasm and focus toward the goal of reaching the students in their city with the Gospel of Jesus Christ!

3. Pray for Eagle Leaders throughout the US who are working through the beta version of JFYMO this month, as we prepare for the Global launch of this platform in October!

4. Pray for Pastor Iwell Phiri, Country Leader in Mozambique, as their team prepares for a huge, evangelistic event next month. Thank you God for the continued witness of new life in Christ following JFYM Forums in that country!

5. Thankful that Mwema Bertin, our Country Leader in DRC has now been allowed to return to his home (they had been displaced since May due to the volcanic eruption outside their town).

6. Pray for Christina Oleksyuk, our Country Leader in Ukraine, as she prepares for a national Eagle Leader retreat in December.

7. Thankful that we have an opportunity to begin training youth leaders in Honduras, with Reach Out’s Eagle Leader, Jeff Holloway, spearheading that effort!

8. Pray for the opportunity to train youth leaders for the first time in Liberia this fall.

9. Pray for our team in Cuba during this turbulent time in their country. Many of our leaders are dealing with illness, both personally and throughout their immediate and extended families. \*In my conversation with Elio last week, he verbalized a similar

Thank you, God, for the perseverance that is being modeled for us through our brothers and sisters in Cuba. They both encourage and challenge us with their faith!

10. Pray for the health of Christopher Ochieng, our Country Leader in Kenya.

11. Pray for the son of Reuben, our Country Leader in Zimbabwe. Reuben's son is suffering from a hernia. Also pray for Zimbabwe as they continue to struggle with starvation, draught, and a crumbling economy.
