# Baptisms and more...

Reach Out's team consistently offered baptisms to anyone

Every country around the world has been affected by the pandemic throughout 2021, including our Reach Out communities.

Yet, Reach Out's global leaders reported again and again ways that God continued to move through their countries despite the challenges from the ensuing pandemic, newly implemented country regulations and restrictions, and some countries directly facing conflicts of war.

But God showed himself faithful through it all, with new JFYM certifications, thousands of newly trained JFYM youth leaders, opened up new countries, and hundreds of newly saved believers.

Many pictures provided to us revealed God's mercy and greatness throughout our nation and those we serve in other countries around the globe.

Thank you for your continued financial partnership and dedication to help us in preparing these leaders to be more ready than ever in 2022, and bring even more of Generation Alpha to Jesus in this coming year!

And openly worshipped at JFYM Forums----->

# JFYM Leaders Certified

Even in the midst of the pandemic and threat on their borders, Tanzania team persevered with coaching, training, praying, and leadership meetings. Ultimately, many leaders received their new JFYM certificates to reach even more of the youth with the Gospel!

Tanzania is one of the top 15 poorest countries in the world with over two-thirds of their population living below the poverty line, despite its world-famous tourism of safaris and climbing Mt. Kilimanjaro. Current struggles run beyond just Covid-19 and the AIDS epidemic. It holds one of the highest adolescent pregnancy rates in the world with 27% of teen girls having their first child under 18-years-old. Girls who get pregnant are forced to leave school, or even arrested, and are not allowed to continue their education. In 2021, the country lifted the ban so these girls now can complete their education and have more opportunities to support themselves. Food shortages are very high, and the pandemic exacerbated this from curfews, quarantines, and the closure of many other business that disrupted the supply chain.

Despite all of these statistics, God has been very faithful through our JFYM leaders who continued to provide JFYM trainings, offered baptisms, and many new Eagle Leaders were certified in 2021. Numerous young men and women attended to become leaders in their country for Jesus!

Thank you for being a part of this journey and your contributions to what God is doing in Tanzania! Reach Out and our country team are very grateful for your dedication and service in making these things and more happen in this nation!

We look forward to providing you more of these stories and photos in 2022!

## Challenges

- Level 4 Travel Advisory due to violent crimes, robberies, mugging, carjacking are common, local police forces are scarce
- Decreased tourism, manufacturing and labor income caused major decline in the country
- Only 3% of children complete secondary school, causing lower education and training levels to increase growth and skill levels, thereby exacerbating poverty levels
- 26% have access to safe sanitation services, 72% only have access to basic drinking services or lower
- 11th highest rate of teen pregnancies in the world

## Reach Out

- A gift of \$1,000 helps indigenous leaders train 50 youth pastors through an "in-person" forum in their country.
- A gift of \$500 helps provide scholarships to train and mentor 20 youth pastors online.
- A gift of \$200 (\$3.85 per week) helps us equip 1 leader for 1 year, with the goal of that leader moving from being introduced to JFYM to implementing and multiplying JFYM. As a result, that new leader will begin training 3 additional leaders, so that from those 4 new leaders, there are a total of 12 young people disciplined and praying for opportunities to influence 36 of their friends to follow Jesus.
- A monthly gift of \$100 helps us continue current ministry to leaders around the world who are trained and resourced through Reach Out.
